AAT a 501(c)3 nonprofit corporation. Internships/ apprenticeships are for individuals who desire a challenging and practical experience. Throughout the year, AAT accepts applications from Middle, High School and college students who are seeking an opportunity to learn and work in our theatre from a business perspective. AAT's produced Main Stage performances work closely with the Education Department. This gives AAT an opportunity to educate students in all areas of the performing arts including performers, technicians, producers, directing and teaching. Further, interns perform basic staff level tasks such as answering phones, staffing events, public relations, sales, front of house operations and managing a theatre by Department of Marketing, Operations, Development, Education, Producing, Production and Artistic Direction. Interns will be invited to attend special events, workshops, staff and committee meetings to increase understanding of how the theatre operates.

Interns are asked to commit to one of the following three semesters: Fall (Sept. to Dec.), Winter/ Spring (Jan. to May) or Summer (June-August). The student will be assigned to a Field Supervisor who will evaluate in the following areas: adaptability, communication skill, teamwork, motivation, work ethic and time management, critical thinking, knowledge of industry, quality and quantity of work, dependability, motivation, public relations and ingenuity. Interns are required to meet once a week with a Field Supervisor to discuss strengths, areas of growth and room for improvement. Department Directors, Managers and Production staff will also participate in the student's assessment procedure. Interns are required to journalize their education experience, as well as log hours of operation. Interns are highly encouraged to take pictures, create a documentary, and notate interviews or testimonies of their internship experience. Upon completion of the internship program interns may also request to receive a letter of recommendation for their portfolio.

The overall goal of our internship program is to build a connection of local, aspiring and theatre professionals.
